

Model No.: C7

4G wifi for Car

Selling points:

Plug and work

4G network FDD-LTE and TDD (And background supported HSPA+/WCDMA)

High speed data rate: **Downlink 150Mbps/Uplink 50Mbps**

Wifi function: can provide wifi for max 8 users to share the network

1. Technical Standard

◇Frequency band:

Basic band: FDD-LTE B1/B3/B5 (more bands can be added depends on cost)

WCDMA B1(more bands can be added depends on cost)

◇Data rate:

FDD-LTE Capability class Maximum Downlink 150Mbps/Uplink 50Mbps

TDD-LTE Capability class Maximum Downlink 150Mbps/Uplink 50Mbps

HSPA+ Capability class Maximum Downlink 42Mbps/Uplink 5.76kbps

WCDMA Capability class Maximum Downlink 7.2Mbps/Uplink 384kbps

◇256Mb+512Mb NAND flash memory for mass storage

◇PC OS Supported: Windows2000/XP/Vista, Windows 7/8/10(32 and 64bit), android, Mac OS

2. Other Specifications

◇Color: Black

◇Hardware interface: USB interface

◇Operating temperature: -10°C - +55°C

◇Storage temperature: -20°C - +70°C

◇Sensitivity: <-105dBm (FER≤0.5%)

◇Power parameters: Working current: <700mA ; Sleep Current: <50mA

◇Working voltage: 5V DC

◇Dimension: 65mmx50mmx95mm

◇Weight:90g

◇Language:English,Chinese
